

Jobee

The reskilling platform built by developers, for developers

TEAM CLAYPOT CHICKEN RICE · SDC HACKATHON 2026

The Malaysian Tech Industry Today

10.1%

Youth (21–25) unemployment in Malaysia

3.5×

Youth rate vs. the national unemployment rate

294

applications and 247 days to land a single offer

Source: DOSM Labour Force Survey, Dec 2025

The skills learned today may not be the skills required tomorrow

“Many jobs will disappear forever.”

— Bill Gates, The Turbulent AI Era Is Here (Gates Notes, August 2026)

Meet Jobee

01

Profile

Gather user skills, aspirations, education background

02

Recommend

Provide job recommendations relative to profile and job demand trends

03

Analyze

Provide detailed forecasting, reasoning and breakdowns for each job

04

Reskill

Provide personalized roadmaps and challenges for onboarding

Jobee’s Objectives

MAIN SDG

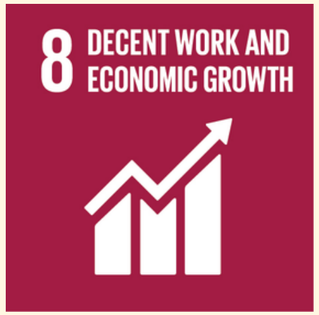

OBJECTIVES

1. Reach 1,000 learners on a personalised roadmap within 12 months
2. 60% of active learners pass a project (85+ score) within 6 months of joining
3. Pilot with 5 universities by Dec 2027, with skill-gap reports
4. Keep core learning 100% free, funded by institution licences

RELEVANT SDGS

Live Demo

Monetization Strategy

Free to start for learners. Paid for by the institutions that need verified skills.

PRIMARY REVENUE

Universities & Schools

- Annual licence per programme or cohort
- Class dashboard with progress and skill-gap reports
- Educators set their own SDG-linked challenges
- Ready-made project-based curriculum

FREEMIUM

Learners

- Unlimited challenges
- Auto-generated posts from your projects
- Verified certifications as we scale

NOW

Free university pilots

NEXT

Paid licences + Plus

LATER

Verified certifications
